Model Interagency Protocol Framework

The Model Interagency Protocol Framework ("Model Framework") incorporates the legal requirements of the CSEC Program as set forth in statute, including the required participants and the mandatory multidisciplinary approach. It also provides further guidance that counties may utilize on promising practices for serving commercially sexually exploited children ("CSEC") based on research both within and outside of California. It is expected that this guidance, although not required by law, will be beneficial for both the systems and the youth they serve.

The Model Framework below provides details on creating a Steering Committee, forming Multidisciplinary Teams ("MDT") for each identified victim of commercial sexual exploitation, and preparing county agencies and their partners to better serve CSEC through a coordinated manner.

Model Interagency Protocol Framework

I. Participants
   a. Required:
      i. Child Welfare
      ii. Probation
      iii. Mental Health
      iv. Public Health
      v. Juvenile Court
      vi. Substance abuse
   b. Suggested:
      i. Education
      ii. Children’s Dependency Attorneys
      iii. District Attorney
      iv. Public Defender
      v. Law enforcement
      vi. Survivors
      vii. CSEC-trained advocates/case managers
      viii. Community-based organizations
      ix. Court Appointed Special Advocates (CASAs)
      x. Direct service providers

II. Purpose
   Establish a coordinated, interagency response among county agencies and partners to ensure commercially sexually exploited children ("CSEC") and children at risk for exploitation are identified and served through a multidisciplinary teaming approach.

The California Department of Social Services (CDSS) provided funding for the development of these documents as samples of promising practice. The opinions expressed herein are solely those of the authors and not of CDSS.
III. **Guiding Principles**

a. **Commercial Sexual Exploitation:**
   i. Must be understood as abuse and reported as such
   ii. Should not be criminalized

b. **Responses to CSEC should be:**
   i. Victim-centered
   ii. Trauma-informed
   iii. Strengths-based
   iv. Culturally, linguistically, and LGBTQ competent and affirming
   v. Committed to efforts that engage CSEC early and often
   vi. Multidisciplinary, individualized, flexible, and timely
   vii. Data and outcome driven

c. **Agency Policies & Procedures should:**
   i. Ensure and track effective cross-system collaboration at the system and individual-case level
   ii. Incorporate mechanisms to identify and assess CSEC at key decision points
   iii. Address the unique physical and emotional safety considerations of CSEC
   iv. Address unique physical and emotional safety considerations, including vicarious trauma of staff, caregivers, and other relevant support persons

IV. **General Structure and Responsibilities For All Agencies**

As stated above, the structure defined below combines both required and suggested participants and responsibilities. For example, in order to participate in the CSEC Program, a county must develop an interagency protocol led by five required entities: child welfare, probation, mental health, public health, and the juvenile courts. The CSEC Action Team recommends that the required and suggested agencies form a steering committee to develop the protocol as well as fulfill additional responsibilities (not required) to ensure the program is effectively administered in the county. Similarly, the law requires counties participating in the CSEC Program to utilize a multidisciplinary approach, but does not delineate specific requirements of the MDT approach. This Model Framework suggests that an MDT be formed for each individual child and that additional parties be included in the teams.

5 Cal. Welf. & Inst. Code § 16524.8 (requiring that a county electing to participate in the CSEC program develop an interagency protocol. The interagency protocol for serving commercially sexually exploited children must be developed by “a team led by a representative of the county human services department and shall include representatives from...the county probation department, the county mental health department, the county public health department, the juvenile court in the county. The team may include, but shall not be limited to, representatives from local education agencies, local law enforcement, survivors of sexual exploitation and trafficking, and other providers as necessary.”).

iv. General Participant Responsibilities:
1. Appoint director of agency/entity/organization or designee empowered to make decisions on behalf of the entity to participate in committee
2. Attend regularly and participate collaboratively in committee
3. Report on successes, barriers to providing services, and areas for improvement, including recommendations for adapting the Protocol and training needs/gaps
4. Provide aggregate data on identified CSEC

b. Multidisciplinary Teams (MDTs)

i. Purpose: Provide a multidisciplinary team with CSEC training to each identified CSEC to more effectively build on a youth’s strengths and respond to his/her needs in a coordinated manner.

ii. MDTs should be convened:
1. Upon initial identification to meet immediate needs,

10 Cal. Welf. & Inst. Code § 16524.7(a)(4)(D) (indicating that counties may decide to use a portion of the CSEC Program funding to hire “county staff trained and specialized to work with children who are victims of commercial sexual exploitation to support victims and their caregivers, and to provide case management to support interagency and cross-departmental response.” Additionally counties may choose to hire staff to provide administrative/staffing to support the steering committee and MDTs. Staff may provide assistance with items such as data collection, drafting reports, coordinating and scheduling meetings, and note-taking).

11 In order for the steering committee to operate efficiently and expeditiously fulfill its responsibilities, members must have decision-making authority.

12 Cal. Welf. & Inst. Code § 16524.8(b) (mandating that the interagency protocol shall include “the use of a multidisciplinary team approach to provide coordinated case management, service planning, and services to children.”) (emphasis added); See Cal. Welf. & Inst. Code § 18961.7(a-b) (noting that “Notwithstanding any other provision of law, a county may establish a child abuse multidisciplinary personnel team within that county to allow provider agencies to share confidential information in order for provider agencies to investigate reports of suspected child abuse or neglect made pursuant to Section 11160, 11166, or 11166.05 of the Penal Code, or for the purpose of child welfare agencies making a detention determination…” ‘Child abuse multidisciplinary personnel team’ means any team of two or more persons who are trained in the prevention, identification, or treatment of child abuse and neglect cases and who are qualified to provide a broad range of services related to child abuse.”).

13 Given each county’s unique needs and constraints, some counties may choose to pilot the protocol in a small area of the county initially, or may choose to provide individualized MDTs to a specific subset of the identified CSEC. Note that maintaining some consistency amongst protocols throughout the state will be beneficial in that exploiters are known to move CSEC from county to county. Further, general consistency amongst county protocols will provide some level of familiarity with the process and hopefully allow children to feel protected and cared for as they interact with agencies in multiple counties.

14 While initial MDTs should occur in person, follow-up MDTs may be handled over the phone if an in-person meeting is not feasible. If the MDT is convened over the phone, one team member must be with the child to ensure he/she feels supported and his/her voice is heard.
4. In the event of a triggering event like a runaway or contact with law enforcement, as per the safety or other urgent circumstances necessitate.\textsuperscript{15}

iii. **Responsibilities:**
1. Provide individual case-by-case collaboration with multiple child-serving agencies
2. Engage with child and family/caregiver(s), if appropriate
3. Ensure basic needs such as food, shelter, and clothing are met
4. Assess and address immediate and long-term needs\textsuperscript{16}
5. Coordinate, monitor, and adjust service plan to achieve desired outcomes for individual CSEC
6. Advise on appropriate placement
7. Conduct safety planning to proactively plan for triggering events
8. Meaningfully involve youth in planning and decision-making

iv. **Membership**\textsuperscript{17}
1. Required:\textsuperscript{18}
   a. Child Welfare
   b. Probation
   c. Mental Health
   d. Substance abuse
   e. Public Health
2. Suggested:
   a. Youth\textsuperscript{19}

   d. Education
   e. Local CSEC Provider Agencies
   f. Survivors/mentors

v. **General Participant Responsibilities**
1. Appoint a lead agency responsible for convening the MDT

\textsuperscript{15} Other events that may require the MDT to reconvene may include, but are not limited to: runaways/AWOLs, change in placement, contact with law enforcement, mental health/psychiatric crisis, major disruption at placement, threats by trafficker, etc.

\textsuperscript{16} Will be defined in the “Holistic Needs of CSEC” document as part of the CSEC Practice Guidance Toolkit, (forthcoming May 2015).

\textsuperscript{17} Whereas the Steering Committee will be comprised of agency directors or their designees, the MDT will be made up of line staff, or those individuals working directly with the child. For example, the MDT members from each agency may include the case carrying social worker and probation officer, the child’s mental health clinician, a public health nurse, and the child’s substance abuse counselor—those individuals with the most information related to an individual child’s case.

\textsuperscript{18} Cal. Welf. & Inst. Code § 16524.7(c)(1), (d)(2) (mandating that the multidisciplinary team include, but not limited to “Appropriate staff from county child welfare, probation, mental health, substance abuse disorder, and public health departments. Staff from a local provider of services to this population, local education agencies, and local law enforcement, and survivors of commercial sexual exploitation and trafficking may be included on the team.”).

\textsuperscript{19} Youth’s participation may vary depending on the youth’s understanding of his or her exploitation. Efforts, however, must be made to include the youth at every stage of the case planning process to ensure the youth feels empowered and involved in decision-making. Meetings should be tailored based on the Stages of Change Model (See Appendix), which acknowledges where the youth is in his or her journey of leaving an exploitative relationship.
2. Attend regularly and participate collaboratively
3. Ensure child accesses services and supports decided upon in the MDT

c. Mandatory Reporting\textsuperscript{20}
   i. All participating agencies must comply with mandatory reporting laws as set forth in the Child Abuse and Neglect Reporting Act.\textsuperscript{21}
   ii. Mandatory reporters are required to report abuse or neglect when they know or have reasonable suspicion that the abuse or neglect has occurred.\textsuperscript{22}
   iii. Sexual exploitation is a form of sexual abuse and must be reported by mandated reporters. Sexual exploitation includes: “Conduct involving matter depicting a minor engaged in obscene acts…Any person who knowingly promotes, aids, or assists, employs, uses, persuades, induces, or coerces a child, or any person responsible for a child’s welfare, who knowingly permits or encourages a child to engage in, or assist others to engage in, prostitution or a live performance involving obscene sexual conduct…”\textsuperscript{23}

d. Agency Internal Identification and Response Protocols
   i. Each county agency should create its own internal Identification and Response Protocol that aligns with the Interagency Protocol and defines steps agency staff must take to:
      1. Identify CSEC and those children at risk for exploitation,
      2. Respond immediately and on an ongoing basis
      3. Coordinate and communicate with partner agencies and providers.\textsuperscript{24}
