

California will be home to the highest quality and most efficient health care system in the country.

**The Triple Aim**

Better Health · Better Health Care · Lower Costs

**Goals**

Reward Value and Innovation · Improve Quality of Care · Promote Care Coordination · Create Transparency · Foster Competition

**Target**

**By 2022:** California's Annual Growth Rate (CAGR) for health expenditures to be in line with the rate of growth in GDP<sup>1</sup>  
**By 2016:** To be determined

**Framework**

**Measuring Cost, Quality, and Health**

		Costs		Quality	Population Health
		Geography	Top 20 Episodes	NQF Quality Metrics	LGHC Dashboard
Commercial	HMO				
	Non-HMO				
Medi-Cal	Managed Care				
	Non-Managed Care				
Medicare	Medicare Advantage				
	Non-Managed Care				

**Reform Strategies: A Call to Action**

	Transformational Strategies † Payment Reform ‡ Private Sector § Public Policy	Incentives
