  - Account assets of up to \$100,000 are not counted in determining eligibility for means-tested federal or state benefits programs

# California ABLE Act: “CalABLE”

# Some ABLE Basics: Funding

- Now:
  - You can save up to \$14,000 per year and up to \$100,000 in total before benefits are impacted
- CalABLE accounts will have safeguards and notifications built in

# More ABLE Program Basics

---

- ABLE accounts are *asset-protected* accounts.
- Eligible individuals may only have one ABLE account
- Accounts can function both like a savings and checking account, depending on how you want to use the account
- Account moneys are tax-exempt as long as they are spent on “Qualified Disability Expenses”

# What is a Qualified Disability Expense (QDE)?

---

- Any expense related to the designated beneficiary as a result of living a life with disabilities
- Categories are intentionally broad
- Includes education, housing, transportation, health care expenses and more
- If funds spent on a non-QDE, expense is subject to regular taxes, plus a 10% tax penalty – and benefits may be at risk

# Who is Eligible?

---

- Must be disabled before age 26 **AND**
- Meets the eligibility criteria for disability benefits like SSI or SSDI - **OR-**
- Self-certification: Has been diagnosed by a qualified physician with a physical or mental disability resulting in marked and severe functional limitations that is expected to last no less than 12 months.
