

**Person centered.
Equity focused.
Data driven.**

**CalHHS is comprised of departments and state entities
that support the health and wellbeing of Californians.**

Our mission

is to work together with counties, cities, and communities, as well as our public, private, faith, and educational partners to make California a healthy, vibrant, inclusive place to live, play, work, and learn.

Guiding Principles

Focus on Equity

Use Data to Drive
Action

Cultivate a Culture
of Innovation

Actively Listen

See the Whole Person

Strategic Priorities

Build a Healthy California for All

North Star: All Californians have meaningful and timely access to care, live in healthy communities, and our zip codes no longer predict our health outcomes.

Integrate Health, Housing and Human Services

North Star: Across our delivery systems we provide whole person care and address the social drivers of health.

Strengthen Social Well-being, Equity, and Economic Resilience

North Star: Every individual belongs to a strong, thriving, and resilient community where we see our diversity as our strength.

Advance the Well-Being of Children and Youth

North Star: All children can play, learn, and thrive, and we are confident that we have done all we can to pass to them a state they can lead into the future.

Build an Age and Disability-Friendly State for All

North Star: Older and disabled Californians can live with purpose and dignity, and where they are supported and valued.
