Planning Council Vision, Mission, and Values

▶ **Vision Statement:**

The CMHPC envisions a mental health system that makes it possible for individuals to lead full and productive lives. The system incorporates public and private resources to offer community-based services that embrace recovery and wellness. The services are responsive, timely, and accessible to all California's populations.

Mission Statement

- ▶ The CMHPC evaluates the mental health system for accessible and effective care. It advocates for an accountable system of responsive services that are strength-based, recovery-oriented, culturally competent, and cost-effective. To achieve these ends, the Council educates the general public, the mental health constituency, and legislators

Mission
& Vision

Values

- ▶ Consumer/family voices, choices, and preferences are heard, embraced, and acted upon
- ▶ Consumers are entitled to services that recognize and encourage their strengths and reduce stigma and discrimination
- ▶ Consumers/families participate in the individual design, delivery, and evaluation of services
- ▶ Family partnerships are developed to involve children and youth in the design, delivery, and evaluation of services
- ▶ The Recovery Vision is the paradigm for designing, delivering, and evaluating services
- ▶ Services are based on effective practices and quality outcomes that are consumer-driven

Values

- ▶ Services embrace a holistic philosophy, which recognizes that the physical and spiritual health of the individual plays a key role in recovery
- ▶ Cultural competence is essential for accessible and effective services
- ▶ Accessibility of services for diverse populations is the cornerstone of quality services
- ▶ In systems of care, mental health services are provided in active collaboration with community services and other service agencies and partners
