Master Plan for Developmental Services

Our Vision for the Plan

- A Plan for the future of Developmental Services to effectively provide equitable, consistent, and accessible services to all Californians with developmental disabilities.
- A Plan created with and by our stakeholder across the state with support from CalHHS, centering the diverse voices of people with lived experience.
- Our goal is to modernize the system where the state provide high quality services for the whole person, across all stages of life, across all of our diverse communities.

Our Partners and Process

- CalHHS has established a committee of experts from diverse backgrounds across the state, including family members, advocates, service providers, policy experts, and individuals with lived experience.
- The committee, with community input, will identify priorities for the plan and establish workgroups to develop recommendations and goals for addressing our priorities.
- The committee, state leadership, and community leaders across the state will work together to develop a bold plan for the future by March 2025.

Our Commitment to Equity

- We are committed to centering the Master Plan in Equity, the Lived and Living Experience of Individuals and Their Families.
- We are developing tools and strategies to support equity across all priorities and recommendations in the Master Plan.
- We have brought on subject matter experts, and internal equity team, and community equity leads to support this effort.
- We are actively seeking out conversations and input from underrepresented and historically marginalized communities.

Our Work So Far

The committee has met four times and discussed:

- Our shared values for caring out this work and the community agreements that reflect those values.
- Our vision statements for the future of Californians with developmental disabilities.
- What equity means to us and brainstormed about how we will work to address equity in this plan.
- Established our workgroups and drafted initial priorities for each workgroup.
- Summary documents for these discussions are posted in English and Spanish at: <https://www.chhs.ca.gov/home/master-plan-for-developmental-services/>

Formation of Workgroups

We are establishing **Five Workgroups** based on our Vision for Success and other input from Committee members and the community:

- **Group 1:** Individuals and families experience person-centered service systems they trust
- **Group 2:** Individuals receive timely, inclusive, and seamless services across all service systems
- **Group 3:** Individuals and their families receive services from a high-quality, stable and person-centered workforce.
- **Group 4:** Individuals and their families experience consistent, transparent, accountable and data-driven systems that focus on outcomes
- **Group 5:** Individuals are entitled to life-long services with adequate resources

Next Steps

- ✓ Additional workgroup members from the community will be appointed.
- ✓ An equity framework will be developed to support the workgroups.
- ✓ Workgroups will begin meeting to develop recommendations.

The Full Committee will reconvene Wednesday, August 21, 2024
10:00 a.m. – 3:30 p.m.

Location: Virtual and in Sacramento

CHARITABLE TRUST

Focus future work on the highest priority issues facing Californians today & center future MPA planning on equity and lived experience.

- Gather priority recommendations from the Master Plan for Aging (MPA) Stakeholder Committees to inform the development of the MPA Initiatives for the next two years (2025-2026).

Highlight progress to-date and renew our shared commitment to the MPA

- Sustain and re-invigorate diverse partners and stakeholders on California's commitment to achieve the MPA's Five Bold Goals.

Engage Diverse Partners in the "Whole of Government Approach"

- Be a model by convening state and national leaders to advance equity, collaboration, and integration among sectors in charting a path forward to prepare for the nation's aging population.

Agenda Development: A Look at the Day

- Hear from the Community/Lived Experience
- Elevate the Work and Focus of the MPA Stakeholder Committees
- Share MPA Stakeholder Committee Priorities through Recommendations
- Engage with State Leaders on the MPA's Progress, Priorities, and Recommendations
- Converse with Policy and Budget Staff on Advancing Systems Change
- Networking Opportunities Embedded Throughout the Day
