- (6) Access to crisis stabilization services and triage and response to warm handoffs from 911 and 988 call centers
- (7) Resources and policy changes to address statewide and regional needs in order to meet population needs for behavioral health crisis services
- (9) Recommendations to achieve coordination between 988 and the continuum of behavioral health crisis services.

Recommendations shall address strategies for verifying that behavioral health crisis services are coordinated for a timely response to clearly articulated suicidal or behavioral health contacts made or routed to 988 services as an alternative to a response from law enforcement, except in high-risk situations that cannot be safely managed without law enforcement response and achieving statewide provision of connection to mobile crisis services, when appropriate, to respond to individuals in crisis in a timely manner
