

Minor Consent Mental Health: What is SB 543?

Senate Bill 543, signed by the Governor in October 2010, creates a new minor consent mental health right in California. This document describes Health and Safety Code 124260, the minor consent law created by SB 543, and highlights the differences between Health and Safety 124260 and Family Code 6924, the minor consent mental health statute currently in effect.

	Family Code § 6924	Health and Safety Code § 124260 (S.B. 543)
Is the law in effect	This law is currently in effect.	This law is not in effect right now. It will go into effect
right now?		on January 1, 2011.
What happens on	This law remains in effect. Both Health and Safety	This law will go into effect. Both Health and Safety
January 1, 2011?	124260 and Family Code 6924 will be in effect	124260 and Family Code 6924 will be in effect
	simultaneously as of January 1, 2011.	simultaneously as of January 1 2011.
When can a minor	A minor can consent to mental health treatment if he or	A minor can consent to mental health treatment if he or
consent to services	she meets all of the following requirements:	she meets both of the following requirements:
under this statute?	Age 12 or older	Age 12 or older
	The minor is mature enough to participate	The minor is mature enough to participate
	intelligently in the treatment	intelligently in the treatment.
	The minor would be in danger of serious	
	physical or mental harm to him/herself or others	
	without treatment, or the minor is the victim of	
	incest or child abuse.

services are not	under this statute:	under this statute:
covered by this	 Inpatient mental health treatment 	 Inpatient mental health treatment
statute?	 Psychotropic drugs 	 Psychotropic drugs
	 Convulsive therapy 	 Convulsive therapy
	 Psychosurgery 	 Psychosurgery

	Family Code § 6924	Health and Safety Code § 124260 (S.B. 543)
Who can provide mental health services to consenting minors under this statute?	The following agencies and individuals can provide services based on a minor's consent under this law: • A professional person¹ as defined by statute (see below) • Government agencies • Agencies contracting with government agencies • Agencies receiving community united funds • Runaway or crisis resolution center	The following agencies and individuals can provide services based on a minor's consent under this law: • A professional person¹ as defined by statute (see below)
Do parents need to be notified when a minor consents to mental health treatment under this law?	Parents must be involved in the minor's treatment, unless the provider determines that their involvement would be inappropriate. Involving parents in treatment will necessitate sharing certain confidential information; however, having them participate does not mean parents have a right to access confidential records. Providers should attempt to honor the minor's right to confidentiality to the extent possible while still involving parents in treatment.	Parents must be involved in the minor's treatment, unless the provider determines, after consulting with the minor, that the involvement would be inappropriate. Involving parents in treatment will necessitate sharing certain confidential information; however, having them participate does not mean parents have a right to access confidential records. Providers should attempt to honor the minor's right to confidentiality to the extent possible while still involving parents in treatment.
Do parents have a right to access the mental health records regarding services provided under this statute?	When a minor consents to treatment under this statute, the provider can only share the related mental health records with parents or guardians when the provider has a written authorization from the minor. ² (But see above regarding parent involvement)	When a minor consents to treatment under this statute, the provider can only share the related mental health records with parents or guardians when the provider has a written authorization from the minor. ³ (But see above regarding parent involvement)
Are there any differences in the funding sources available for these services?	Welfare and Institutions Code § 14029.8 states that "Section to the receipt of benefits under the Medi-Cal program."	tion 124260 of the Health and Safety Code shall not apply No such restriction exists for Family Code § 6924

¹ A professional person includes a mental health professional as defined in the California Code of Regulations, a marriage and family therapist as defined in the Business and Professions Code, a licensed educational psychologist as defined in the Business and Professions Code, a credentialed school psychologist as defined in the Education Code, a clinical psychologist as defined in the Health and Safety Code. In addition, Health and Safety Code § 124260 also includes a licensed clinical social worker as defined in the Business and Professions Code. For the exact code sections containing these definitions, see Family Code § 6924(a)(2) and Health and Safety Code § 124260(a)(2).

² Cal. Health & Saf. Code §§ 123110(a), 123115(a); Cal. Civ. Code § 56.10(b)(7), 56.11(c); 45 C.F.R. 164.502(g)(3); 45 C.F.R. 164.508(a).

³ Cal. Health & Saf. Code §§ 123110(a), 123115(a); Cal. Civ. Code § 56.10(b)(7), 56.11(c); 45 C.F.R. 164.502(g)(3); 45 C.F.R. 164.508(a).
