Master Plan for Aging: Five Bold Goals for 2030

The MPA is for people of all ages who are family, friends, neighbors, coworkers, and caregivers of older adults.

Goal 1: Housing for All Ages and Stages

Goal 2: Health Reimagined

Goal 3: Inclusion and Equity, Not Isolation

Goal 4: Caregiving that Works

Goal 5: Affording Aging
Master Plan for Aging: Five Bold Goals for 2030

GOAL ONE: Housing for All Ages & Stages
We will live where we choose as we age in communities that are age-, disability-, and dementia-friendly and climate- and disaster-ready.

TARGET: Millions of New Housing Options
LOCAL MODEL: Age Well San Diego

STRATEGIES:
A. More Housing Options
B. Transportation Beyond Cars
C. Outdoor & Community Spaces for All Ages
D. Emergency Preparedness & Response
E. Climate-Friendly Aging
GOAL FIVE: Affording Aging
We will have economic security for as long as we live.

TARGET: Close the Equity Gap in and Increase Elder Economic Sufficiency

LOCAL MODEL: San Francisco’s Project Homekey and CV19 Meals Expansion

STRATEGIES:
A. End Homelessness for Older Adults
B. Income Security as We Age
C. Protection from Poverty & Hunger
MPA Goal One, Strategy A: More Housing Options
2021-22 Housing Initiatives

1. **Identify ways to bolster production of more housing options** to age well in all California suburban, rural, and urban communities - such as **Accessory Dwelling Units** that are affordable - to support aging well, caregiving, and affordable housing.

2. **Provide tax credits and pursue other strategies to continue to prioritize the types of housing units that are not being produced by the market**, especially those serving people who are Extremely Low Income (ELI), Very Low Income (VLI) and Low Income individuals (LI), and others experiencing or at risk of homelessness, including but not only older adults and people with disabilities.

3. **Further facilitate affordable housing production** by using monitoring, technical assistance, and enforcement strategies of existing housing production laws.

4. **Advance fair housing and equity** by conducting outreach, education, and surveys, as well as prosecuting violations of anti-housing discrimination laws.

5. **Review housing planning and data indicators** with Strategic Growth Council for older adult demographics and characteristics, for opportunities to update to reflect changes in aging and advance equity goals, including Statewide Housing Assessment, Regional Housing Needs Allocations and Housing Assessment, and include in Data Dashboard for Aging.
6. Review current housing program definitions with Strategic Growth Council for inclusion of older adults and advancement of equity, such as the Transit Oriented Housing Development Program, Multi-Family Housing Program, Accessibility and Adaptability standards, the State’s Qualified Allocation Plan for Low Income Housing Tax Credit Program, and Affordable Housing and Sustainability Community Program, among others.

7. Explore increasing the Veterans Housing and Homelessness Prevention Program.

8. Assess the feasibility of expanding the Adult Family Homes model (currently for adults with a developmental disability) to more aging adults, including with dementia. (CHHS)

9. Explore opportunities to increase availability of housing options with “housing for health” strategies – for example, within the anticipated federal planning grant to develop a Medi-Cal Home and Community Based Services Roadmap, include assessments of the availability of services, providers, and residential options and within a new focus on Medicare innovation – to meet need as federally allowable funds are available. (CHHS)

10. Identify innovative models and solutions to enhance technology in housing options for aging well, in alignment with State Broadband Council’s new Strategy per August 2020 Exec Order, including the California Teleconnect Fund and California Advanced Services Fund, and in partnership with housing developers and UC.

11. Assess need for housing modifications for aging, such as fall prevention programs, to meet growing and changing needs.

CDSS Efforts to End Homelessness for Seniors and Adults with Disabilities

California Department of Social Services
Claire Ramsey, Chief Deputy Director
About CDSS Housing & Homelessness Branch

• CDSS’s Housing and Homelessness Branch (HHB) programs function at the intersection of housing and social services

• HHB programs served over 100,000 individuals in 2020

• The State Budget has invested $12 billion in housing and homelessness programs over the next two years. Just over $2 billion of these funds were invested in CDSS program expansions, with $1.49 billion directed towards programming for adults and people with disabilities.
Housing and Homelessness Programs

Seniors and Adults with Disabilities

- Housing and Disability Advocacy Program (HDAP)
- Home Safe Program
- Project Roomkey (PRK)
- Community Care Expansion (CCE)

Family Programs

- CalWORKs Homeless Assistance (HA) Program
- CalWORKs Housing Support Program (HSP)
- Bringing Families Home (BFH) Program
The Need

- In 2020, over **100,000** individuals with disabling conditions and over **14,000** individuals over the age of 65 touched the homeless system.
- The number of older homeless Americans is expected to triple in the next decade and will have complex care and unique housing needs.
- The CA Master Plan for Aging’s goals and strategies to reduce housing instability and to end homelessness for older adults.
- DSS programs designed to meet these needs:
  - Housing and Disability Advocacy Program (HDAP)
  - Home Safe
  - Project Roomkey
  - Community Care Expansion
Housing and Disability Advocacy Program (HDAP)

- HDAP assists people experiencing or at risk of homelessness stabilize in housing while also advocating for benefits including SSI.

- HDAP offers outreach, disability benefits advocacy, case management, housing navigation, and financial assistance such as rental assistance, rental backpay, and security deposits.

- The state budget appropriates $300 million over two years in addition to the ongoing, annual appropriation of $25 million.

- Allocation have been issued, deadline to accept funds is Friday, December 3, 2021.
Home Safe

- Home Safe provides homelessness assistance and prevention services for adult protective service clients (or those in the process of APS intake), who are older and dependent adults experiencing abuse, neglect, or who are unable to care for their own needs.

- Home Safe offers housing-related case management, housing stabilization services, housing navigation, connections to longer-term care, and direct financial assistance such as rental assistance or home accessibility modifications.

- The state budget includes additional one-time investments totaling $185 million over two years.

- Allocations have been issued, deadline to accept funds is Friday, December 3, 2021.
Project Roomkey and Rehousing Strategy

• PRK provides Non-Congregate Shelter for those experiencing homelessness as well as re-housing supports to access and stabilize in permanent housing.

• The state budget includes an additional one-time investment of $150 million

• Allocation issued and accepted in mid-September, 2021
Community Care Expansion (CCE)

• CCE will fund the acquisition, construction, and/or rehabilitation of adult and senior care facilities in support of seniors and adults with disabilities that are homeless or at risk of homelessness.

• The state budget includes $805 million to support establishment of CCE

• A Request for Applications (RFA) will be released in early 2022 in coordination with DHCS

• Send input and feedback to CCE@dss.ca.gov
Other important state investments

• CalAIM
• Home and Community-Based Services
  • Assisted Living Wavier
  • Residential Continuum Pilot
• Homeless Housing, Assistance, and Prevention (HHAP) Grants
• Homekey

Housing Affordable for All

• Ensure older adults and people with disabilities have access to quality, affordable and accessible housing

• Help older adults and people with disabilities stay successfully housed

• Prevent and end senior homelessness
**Strategy A: End Homelessness for Older Adults**

California will continue to invest in innovative solutions to prevent older adult homelessness, reduce barriers to accessing housing programs and services, and promote the transition of those experiencing homelessness to affordable and accessible housing models, with supportive services.

**Initiative 117:** Build on success of Homekey to further develop housing needed to end/prevent homelessness of older and other at-risk individuals, with expanded supports.

**Initiative 118:** Expand homelessness programs such as Homesafe, Housing Disability Advocacy Program (HDAP)

**Initiative 119:** Assess IHSS plus Housing models

Sharon Rapport, Corp. for Supportive Housing
Recommendations: Integrating Health & Housing to Promote Independence/Community Integration

To guide state policy on homelessness among older adults, a coalition of aging and housing providers and advocates, along with disability rights advocates, urges the State consider the following recommendations:

• **Create a Targeted Rental Subsidy Program** providing grants to community-based agencies serving older adults at risk of or experiencing homelessness.

• **Use Assisted Living Waiver, Home and Community-Based Alternatives Waiver and Multipurpose Senior Services Program** to promote integration of housing and services, allowing older adults to remain independently housed or gain access to independent housing.

• **Pursue Additional Opportunities to Integrate the Program for All-Inclusive Care for the Elderly** into supportive housing.

• **Increase the State Supplemental Payment** to allow older adults to access and maintain housing stability.

Unfunded Policy Mandates for Housing & HCBS Recipients
What does home and community based services (HCBS) have to do with housing development?
The HCBS settings rule, our Statewide Transition Plan (STP), and the Olmstead ruling all mandate individuals who receive supportive services have right to live in their own home of their choice.
The state mainstream affordable housing infrastructure (HCD, CalHFA, CDLAC/CTCAC) has not yet met this policy mandate or demonstrated need with specific funding for housing for individuals who use HCBS services.
How do we build housing for people using HCBS services and fulfill our CA State Transition Plan requirements?

**Key Message**

BBB will unlock state, local, and federal funding already allocated to affordable housing. In California, increasing tax credit units will lead to the largest share of accessible units in decades.

AB 434 SuperNOFA goals must include the unmet housing needs of Californians with disabilities, including accessibility, integration, and affordability.

California needs to meet requirements of the [HCBS settings rule](https://example.com) before 2023

Each state needs to align LIHTC allocations and state funding to increase the number of accessible, independent living environments for people with disabilities as mandated in the Statewide Transition Plans and the Olmstead ruling.
**Mid-long term: Affordability**

- Increase alignment between Housing and Community Development (HCD) and Department of Health Care Services (DHCS) around the housing needs of people who use HCBS
- Add to the CTCAC QAP/Regulations that support development for people with disability who use HCBS services
- Increase federal subsidies for housing for people with disabilities including increased investments in the 811 program
Mid-long term: Accessibility

• Improve and expand accessibility requirements in affordable housing to meet cross-disability access needs while supporting project feasibility and overall cost, by starting with HCD adopting TCAC’s increased accessibility requirements
• Providing cost accommodations and/or funding incentives for projects meeting advanced accessibility goals
Mid-long term: Inclusivity

• Increasing HCBS funding, including for housing-related services to support people with disabilities to find and retain their housing
• Funding ongoing resident services, inclusion supports, or other housing supports for people with disabilities who live in affordable housing
Interested in building greater coherence and alignment across disability rights and affordable housing policy?

Join the bi-monthly CA Disability Inclusive Housing Working Group that brings together key stakeholders across disability rights and affordable housing. We meet every other month on the third Friday from 9-10:30am PT.

RSVP for the most upcoming meeting here: https://bit.ly/DisHousingRSVP or email allie@thekelsey.org to learn more.
Thank you.
