Direct Care Workforce (non-IHSS) Training & Stipends: $150 million

“Training and stipends will be available to Direct Care Workforce (non-IHSS) that provide services to Medicaid participants in a range of home and community-based settings, in order to both improve care quality, respond to severe worker shortages in the sector, and prevent unnecessary institutionalization. These training and stipends...will improve the skills, stipend compensation, and retention of direct care workforce sector that is either employed by Medicaid HCBS waiver programs (e.g., CBAS, MSSP, PACE) or delivering the direct care services to Medicaid participants that are referenced in Appendix B [of the Spending Plan]”
