# Master Plan for Aging: Five Bold Goals for 2030

The MPA is for people of all ages who are family, friends, neighbors, coworkers, and caregivers of older adults.

**Goal 1:**
**Housing for All Ages and Stages**

**Goal 2:**
**Health Reimagined**

**Goal 3:**
**Inclusion and Equity, Not Isolation**

**Goal 4:**
**Caregiving that Works**

**Goal 5:**
**Affording Aging**

5 Goals, 23 Strategies
132 Initiatives for 2021-2022

# Basis for the Research Partnership

- Master Plan for Aging Initiative # 102 calls for CalHHS to "facilitate a nation-leading research partnership on aging with California's universities."

Three Components of the MPA Research Agenda

1) Advisory Consortium
2) University-Based Research Alliance
3) Data Action Center

# Research Partnership Purpose

a) Advance age- and disability-focused research to strengthen the evidence base for promoting equitable opportunities for Californians to thrive as they age

b) Provide input on key performance indicators and data sources to inform MPA Outcomes Reports and the Data Dashboard for Aging

c) Model a research partnership between state government and academic institutions in California focused on using data for action and equity that can be replicated across other CalHHS person-centered, data-driven priorities.

# Research Partnership Objectives

a) Establish an advisory function to contribute to the first MPA Outcomes Report and related progress indicators and targets.

b) Serve as a learning laboratory to assist in the planning of additional MPA research opportunities, such as a research collaborative and/or data action center.

c) Identify public and private funding opportunities to support age- and disability-focused research efforts consistent with MPA and CADRP priorities.

d) Serve as a model for achieving additional CalHHS and Administration priorities beyond the MPA.

# Advancing the Partnership

*Deputy Director*
*Division of Aging Policy, Research & Equity*
*California Department of Aging*

# Division of Aging, Research, Policy and Equity

## Objective:

Advance Policy, Research, and Equity in alignment with the Master Plan for Aging

## Focus:

Apply an equity lens that elevates older adults, people with disabilities, and caregivers across program, policy and research efforts

## Partners:

Convene CalHHS departments, other state agencies and stakeholders to collaborate and address issues

# Division of Aging Policy, Research, and Equity (DAPRE)

# CADRP Operations

**Amanda Lawrence**
*Project Director, Master Plan for Aging*
*California Department of Aging*

# **Partnership Meeting Logistics**

- The full CADRP is expected to meet on a quarterly basis.
  - *Member-led workgroups may be established and meet on an as-needed basis.*

- Full CADRP meetings will be virtual and open to the public, with time reserved for public comment.
  - *Meeting agendas will be prepared and posted online in advance of each quarterly meeting.*
  - *Meeting recordings, presentations, and other materials will be posted online within 5 business days following the meeting.*

# Guiding Principles for Meetings

- Seek to provide a collegial environment to allow for the expression of diverse and innovative points-of-view from all members.

- Aim to support open communication and active collaboration between CADRP members and CalHHS.

- Members' consistent attendance at the meetings and active participation in CADRP work before, during, and after meetings is encouraged.

- A person-centered, data-driven, and equity-lens will be applied to the efforts, as reflected in CalHHS's Guiding Principles.

# Member Discussion

# Discussion

1. What are the critical issues in aging & disability research this Partnership should address? What do you see as the highest priorities?

2. What is your vision of what a successful Partnership looks like?

3. How can this Partnership help the state realize the goal of building a California for All Ages and Abilities by 2030?

4. What feedback do you have on the structure and operations of the partnership?

# Public Comment
