Community-Based Organization Capacity Building: A Partnership with Purpose

**A Collaboration between The Center at
Sierra Health Foundation, National
Center for Youth Law and Public Works
Alliance**

Building Organizational Capacity to Expand Community-Based Service for Justice-Involved Young People

Project Deliverables

- Lead the selection of a cohort of community-based organizations for technical assistance and grant funding
- Conduct a needs assessment to inform the delivery of technical assistance
- Produce a Capacity Building Toolkit to inform the broader field
